

Earth Fleet wants Kin Roland dead. The Reapers of Hellsbreach want their revenge. Changed by captivity and torture, hunted by the Reapers of Hellsbreach and wanted by Earth Fleet, Kin Roland protects marooned colonists on a lost planet near an unstable wormhole. Once, in another lifetime, he had been legendary. His experience as an elite space trooper taught him to rely on the men and women of his unit – with or without powered battle armor. Now he must find them or go it alone. When a distant space battle propels a ravaged Earth Fleet Armada through the same wormhole, a Reaper follows, hunting for the man who burned his home world. Kin fights to save a mysterious native of Crashdown from the Reaper and learns there are worse things in the galaxy than the nightmare hunting him. The end is coming and he is about to pay for a sin that will change the galaxy forever. Books Enemy of Man: Book One in the Chronicles of Kin Roland was written for fans of military science fiction, science fiction adventure, and space opera. Readers who enjoyed Starship Troopers or Space Marines will appreciate this genre variation. Powered battle armor only gets a soldier so far. Battlefield experience, guts, and loyal friends make survival a lot more interesting. Movies If you love movies like Aliens, Predator, The Chronicles of Riddick, or Serenity, then you might find the heroes and creatures in Enemy of Man dangerous, determined, and ready to risk it all. It's all about action and suspense, with a dash of romance—or perhaps flash romance. From the Author Thanks for your interest in my novel, Enemy of Man. I hope you chose to read the book and enjoy every page. If you have already read Enemy of Man, how was it? Reviews are appreciated! Have a great day and be safe.
