

PART 3 (a novella that is part of the complete novel Endangered Species) Brendan Whelan and the Sleeping Dogs are back in this latest politically incorrect thriller, a follow up to the international bestselling Sleeping Dogs: The Awakening. This is PART THREE of the second book in the Sleeping Dogs series. Cliff Levell and the Society of Adam Smith (SAS), a shadow government attempting to counter the elected government's destruction of American values and freedoms, has reunited Brendan Whelan and his special ops colleagues, the Sleeping Dogs. A monstrous killer known as Maksym has been stalking the Dogs, trying to kill them one by one, now they're seeking safety in numbers in Ireland. But, more importantly, Levell needs the services of the Dogs to stop the Alliance for Global Unity (AGU) from generating the global chaos that will lead to the imposition of a one-world government. With AGU-inspired upheaval reigning around the world, Levell is scrambling to assemble a multinational task force. It starts with a deal with the Saudis to lower the price of oil in order to cripple the Russian economy and deter its aggressiveness in Eastern Europe. In return, the Saudis demand the assassination of the leader of a jihadist group that is creating a caliphate in the Middle East. And they want the Iranian nuclear program shut down permanently. Levell turns to the Israelis who decline involvement for their own reasons. He assigns Whelan and the Dogs the task of killing the jihadi leader. But it's complicated by a traitorous Saudi prince working with Kirill Federov, a former colonel in the Spetsnaz and second in command of the SVR, Russia's external espionage unit. In addition, Mitch Christie, the disgruntled FBI agent is hot on Whelan's trail in pursuit of a personal vendetta. Before Part 3 reaches a conclusion, the Dogs will have left the relative safety of Ireland only to wind up in a wretched prison in Dubai with the threat of beheadings hanging over them.
